

To Whom It May Concern:

I am contacting you in regards to the effort to replace Fm Translators with LPFm's. I am one of many who listens to FM Ttranslator station K-LOVE in San Antonio. I am given hope when I listen the music and encouraging words aired on this station. I often recommend the station with pride and I'm very pleased to know that my family, and others, can listen to a station that doesn't have to be monitored by the FCC. They play music that one can enjoy listening to, is non-offensive, and makes a difference in the community. Many other non-profit agencies have the opportunity to advertise on the station in effort to help the less fortunate. Please reconsider replacing this wonderful station with something less desirable.

Thank you for taking the time in allowing me to air my concerns.

Sincerely,
In Christ,
Donald Vormelker
